

Citizens for San Andreas Meeting October 18, 2007

The meeting was opened the meeting by suggesting we form groups to start our work on the Community Plan. He stated that he'd e-mailed Tom Infusino with some ideas he had and Tom evaluated them. Tom wrote back with a few suggestions that might help us find a place to start our project. Jim passed out the page entitled Working Groups for San Andreas Community Plan, with his own ideas, and Tom's ideas are in italics.

The group at the meeting felt it was important to work on the elements, which are Land Use and Open Space, Conservation, Circulation, and Housing. We formed groups to take on the tasks.

Tillman & Sharon said that they would keep a running update of our Community Plan on our website so that everyone could read and make comments to the plan while it is in progress.

Jim announced that MyValleySprings.com is having a workshop next Wednesday, the 24<sup>th</sup> of October, put on by professionals. Looks like a worthwhile meeting to attend.

There is a Saddleback meeting on Tuesday October 23. Also a Board of Supervisors Meeting on the same day at 2:00 at the Town Hall regarding the General Plan.

Jim announced that the library has received 20 new books on Community Planning that we might find helpful. Tillman Sherman and Jim had both checked one out and both books are pretty interesting and written in easy to understand language, with photos, too.

The next meeting will be November 8 at the Oak Shadows Club House at 5:30P.M.

If there are any changes or corrections please contact me.

Respectfully,  
Barbara Kavanagh
